[XXth Year.] THURSDAY, *May* 3, 1764. [No. 991.]

STOCKHOLM, *January* 20.

OUR Court has received the following Intelligence. The Drotningholm, one of our Merchantmen, ſailing from Cadiz to Marſeilles, met with a Tuniſian Xebeque, which made the uſual Signal for exhibiting Paſſports; accordingly the Captain ſent his Paſs with 6 Men in the Boat; but by his Spy-Glaſs he perceived that his Men were taken on board the Xebeque, and that his Boat was filled with Turks. Upon which the Merchantman crowded Sail, and got into Leghorn. At the ſame Time our Court received Advice, that the Regency of Tunis had declared War againſt us, and ordered their Corſairs to take all Swediſh Ships they might meet in the Mediterranean. This Proceeding is grounded upon nothing but the Delay of ſome Preſents, which had been promiſed by Sweden, and which our Court did really ſend, but the Ship that carried them was wrecked near Elſineur.

LONDON, *February* 18.

The Aigrette Frigate is arrived at Rochfort, with the Governor of Louiſiana and his Family on board, after a very bad Paſſage.

Letters by Yeſterday's Mail from France, adviſe, that they had it ſtrongly reported at Paris, that there had happened a Miſunderſtanding between our Court and that of France, on account of the great Number of People and Forces which have embarked, and are daily embarking for Cayenne, in the Weſt-Indies.

A curious Marble Pedeſtrian Statue of his Majeſty, King George III. is finiſhed by Mr. Wilton, the Statuary, and will ſhortly be placed, by Order of the City of London, amongſt the other Statues of the Engliſh Kings, on the Royal Exchange.

We hear that two young Gentlemen, Natives of Guiney, who have received a liberal Education, under a worthy and learned Clergyman of this City, will ſhortly receive Holy Orders in the Church of England, and be ſent over, agreeable to their Characters, in order to propagate the Goſpel among the Negroes, their Countrymen.

It is ſaid a Petition from certain Jews, for Leave to ſettle in the new Colonies conditionally, has, for ſome Time paſt, been under Conſideration. Theſe People propoſe advancing a large Sum upon the Credit of the Province, to be employed for the Service of Agriculture and Commerce, provided certain Privileges and Immunities may be granted them for a Term of Years, from the Date of their firſt Arrival in America.

The Ambuſcade Privateer, Captain Roberts, which went in Conſort with the Lord Clive, Captain M'Namara, to the South-Seas, where the latter was unfortunately blown up, is arrived at Liſbon.

Feb. 20. There were 455 Members in the Hon. Houſe of Commons on Saturday Morning at Five o'Clock, when they broke up.

The Dutch Eaſt-India Company have actually at this Time no leſs than 30,000 European Soldiers in their ſeveral Factories and Garriſons in the Eaſt-Indies, and it is ſaid eleven Ships of the Line, beſides Frigates.

We hear that the Iſland of St. John's, of which Lord Egmont has obtained a Grant, is to be divided into fifty Baronies, ſubdivided into ſo many Freeholds each; the whole to be held by military Tenures, Lord Egmont being Lord Paramount.

Feb. 21. On Saturday Night laſt Mr. Alexander Dun, who ſince his late Attempt on Friday to eſcape over the Wall of the King's Bench Priſon, had been confined to a Room, tore up the Flooring, and putting the Boards, Chairs, and his Bed together, ſet them on Fire, and had it not been happily diſcovered in Time, the whole Building might have been conſumed, and probably ſeveral Lives loſt.

They write from Leghorn, that the Algerines had taken a Dutch Dogger laden with Corn, and carried her into Genoa.

On Wedneſday laſt the Prince of Wales Eaſt Indiaman was taken up, and will ſail with all poſſible Expedition, with a Train of Artillery, and 3 or 400 Soldiers, for Bengal.

It is reported, that His Majeſty will viſit his German Dominions this Year.

It is ſuſpected that a Scheme was laid ſome Days ago by a Gang of Villains to rob a Ship in the River, lately arrived from North America, of a large Cheſt of Dollars, amounting to 20,000; for on Sunday Morning the Ship Dog was found dead upon Deck, and it is thought the Attempt was laid aſide, on the Rogues having diſcovered that the Silver was put aſhore the preceding Day.

Feb. 22. Yeſterday Morning, a little after Nine o'Clock, came on before the Right Hon. Lord Chief Juſtice Mansfield, in the Court of King's Bench, Weſtminſter, the Trial of John Wilkes, Eſq; as the ſuppoſed Republiſher of No. 45 of the North Briton, with Notes; the Court was opened, in a very learned Manner, by the Attorney General, who obſerved, that he had received certain Information, that inflammatory Papers had been ſent to the Gentlemen of the Jury, in Favour of the Defendant, tending to biaſs and prejudice their Minds; his Lordſhip then made ſome Remarks on the heinous Nature of ſuch a Proceeding, if true, and declared, if the offending Party could be diſcovered, he ſhould be puniſhed in the moſt exemplary Manner: A Queſtion was then put to the Jury relative to the above, when the Foreman acknowledged the Fact; and, at the ſame Time, putting his Hand into his Pocket, produced a Paper on the other Side, which he obſerved was equally inflammatory; and which put the whole Court in a Smile.

After the Examination of Witneſſes, and ſumming up the Evidence, the Jury retired for an Hour and Three Quarters, and then brought in the Defendant *Guilty*.

The Council for the Crown were Mr. Attorney General, Mr. Martin, Mr. Clayton, and Mr. Wallace. For Mr. Wilkes, Mr. Serjeant Glynn, Mr. Recorder of London, Mr. Stow, and Mr. Dunning.

After the above Cauſe was ended, the Court proceeded on the Trial of Mr. Wilkes for printing a Book intitled, "An Eſſay on Women;" when the Jury, after about an Hour's Deliberation, brought him in *Guilty* on that Indictment alſo.

Sentence on both Verdicts is to be given the firſt Day of next Term.

One of the Copies of the Eſſay on Women was handed to the Jury, who tried the ſecond Cauſe. The Perſons who were taking down Minutes of the Trial, were ordered by the Court to deſiſt, they deeming the Expreſſions in the Eſſay on Woman improper to be made public.

We are told that Mr. Penn's Eſtate in Pennſylvania, has been made to appear, from Accounts long carefully kept up, but lately diſcovered by Accident, notwithſtanding the ſlow Improvement of that Colony, till within the laſt 30 Years, to be worth at preſent, at a low Valuation, above Ten Millions Sterling, and will ſoon amount to much more. The procuring ſuch Grants as theſe, was ſurely *ſurprendre le Roi* (as the French ſay) to a great Degree.

PROVIDENCE, *April* 14.

Extract of a Letter from a Gentleman at Montreal, to another in this Town, dated March 14, 1764.

"The Indian War has occaſioned almoſt a total Stagnation of Buſineſs in this Quarter, and Caſh is much ſcarcer here than in the Maritime Provinces.

We are going to raiſe a Regiment of Canadians, to be commanded by their own Officers, to be ſent againſt the Indians, which muſt take off all Hope of Aſſiſtance or Dependance on the French."

BOSTON, *April* 1[illegible].

Numbers of Perſons are daily coming in to Town, as alſo to the Hoſpitals at Point Shirley and Caſtle William, to receive the Small-Pox by Inoculation: Beſides thoſe who come from the neighbouring Towns, there are ſeveral from the Province of New-Hampſhire, the Colonies of Connecticut, and Rhode Iſland. It is judged that between 3 and 4000 Perſons have gone ſafely through that Diſtemper, in the Time ſince Liberty was granted for Inoculation, which is five Weeks; and it is obſervable that there has been little or no Infection from thoſe who have had this Diſeaſe; we cannot learn that there has been twenty Perſons taken down in the natural Way in the above Time, notwithſtanding that there are ſeveral Hundred Children in this Town who are expoſed thereto, by the Scruples the Parents or Guardians of them have as to the Lawfulneſs of the Practice: It has been generally allowed, that only one in a thouſand have died in the preſent Method in Hoſpitals, but in Town, it is ſaid one in about 200 have failed, the moſt of them Infants: This Difference is eaſily accounted for; in Hoſpitals only thoſe who are prepared, and are fit Subjects, will be accepted; whereas in a large Town, the Families are inoculated indiſcriminately, many of whom are unfit Subjects; this is done partly through the Impatience of People who would not wait the neceſſary Preparation, leſt they ſhould take it the common Way; and partly from the Importunity of Parents prevailing with the Phyſicians againſt their Judgment and Advice to inoculate weak Children, labouring under other Diſorders, becauſe the Parents could not immediately remove them out of the Way of the Diſtemper, and thought they would at leaſt ſtand a better Chance by being inoculated, than in taking the Infection, as they would probably do, in the common Way. The Phyſicians were alſo ſuddenly oppreſſed with th[illegible] great Hurry of Buſineſs, which ſo haſty and general Inoculation occaſioned, and probably many [illegible] them could not ſo particularly attend to the [illegible]cumſtances of the Patients offered for Inoculati[illegible]

Tueſday the 3d Inſtant in the Morning was remarkably cloudy dark Weather, with Rain, Thunder and Lightning, not only here, but as far as New-York. At Walpole a Flaſh of Lightning came down the Chimney of the Houſe of Mr. Joſeph Gay, and tore the Summer under the Hearth to Splinters, and a Dog that lay in the Corner was killed: Five Perſons who were ſitting in the Room were ſtruck ſpeechleſs, but are ſince recovered, the Chair whereon one of them ſat was ſhivered to Pieces: The Exploſion was ſo violent that it ſhook every Window in the Houſe to Pieces.

We hear from New-Haven, that ſome Days ago, immediately after Breakfaſt, between 60 and 70 of the Students of Yale College were ſuddenly taken ill of ſome unknown Diſorder, ſuppoſed to be from Poiſon in their Food; whether from Accident or Deſign of ſome villainous Perſon, Time perhaps will diſcover. By the Care of Phyſicians moſt of them are almoſt recovered, but ſome are ſtill in a precarious State.

NEW-YORK, *April* 23.

By an Expreſs which arrived here on Friday laſt from Albany, we have the following authenticated Accounts reſpecting the farther Succeſs of our Indian Detachments againſt the Enemy Indians, viz.

"That in the Evening of the 19th of April Inſtant, an Indian Expreſs came with a Letter to Sir WILLIAM JOHNSON, at Johnſon-Hall, acquainting him, That Capt. Montour, after paſſing ſeveral Creeks and Rivers, which were very high and difficult at this Seaſon, arrived with his Party, conſiſting of 140 Indians, with ſome Rangers, the Beginning of this Month, at the Cayuga Branch of the Suſquehannah River, which the Enemy had [illegible] with the utmoſt Precipitation; [illegible] they had deſtroyed two large To[illegible], of well-built ſquare [illegible] Houſes with Chimnies, and a large Quantity of Indian Corn, and other Proviſions; ſeveral new [illegible]les, Kettles, ſome Arms, Axes, &c. which they had probably taken from the Inhabitants. After this, Montour proceeded to the large Town of K[illegible]ſtio, containing 60 good Houſes, which he likewiſe burnt; and there, as well as at the other Towns, killed a Number of Cattle, which could not be brought off; and ſent Parties in Purſuit of the Enemy, who have fled to the Southward, whilſt with the few remaining, he deſtroyed four other Villages of the Enemy, on the Branches of the Suſquehanna. And as the Senecas will now join with the Five Nations (ſince they have entered into a Peace with Sir William, and made large Conceſſions, for the Performance of which they have left ſeveral Hoſtages) there is great Reaſon to think, our Enemies will be overtaken, and juſtly chaſtiſed for their Defection."

It was never before known, that the UNITED NATIONS were ſo unanimous, and hearty, in our Cauſe.—They have All, to a Man, taken up the

Hatchet

Hatchet againſt all His Majeſty's Enemies, and are ready to uſe it whenever call'd upon.

It is without Doubt, That Sir WILLIAM JOHNSON, in June next, goes to NIAGARA, in order to compleat a firm Peace with the Senecas, and the Weſtern Indians; which when concluded, cannot but leave Us in general throughout the Province, (as well as ſome neighbouring Provinces) in quiet Poſſeſſion of Ours and Their LIVES and PROPERTIES; of which many have dreaded the Certainty.

His Honour Sir WILLIAM, we are credibly told, is likely farther to reduce the Pride and Inſolence of the Delawares and Shawaneſe; the Indians which he has now engaged againſt them, being determined to—ſhake them by the Head,—alias, to bring them to REASON.

He is ſtill further prodigiouſly worried (in the Service of his Superintendantſhip, and Good of the Country) in being ſurrounded for Twenty Two Days on the 12th Inſtant, by 468 of the SIX NATIONS. They went off ſoon after, extremely well ſatisfied, in being anſwered in near One Thouſand of their Demands and Wants: And we dare affirm, That there is ſcarce an Individual (except thoſe around him) who can conceive our Superintendant's Situation.

Yeſterday ſailed from Sandy-Hook, the Venus Tranſport, for England, and the Sardine Sloop of War for Philadelphia.

We hear from Elizabeth Town, that on Monday laſt Alderman Stites, of that Place, a Gentleman generally eſteemed, being about to ſtraighten a Road, of which he was Overſeer, by the Removal of a Fence, belonging to one Sears, which was an Encroachment upon it—Sears having before heard of his Deſign, declared (if he attempted it) he would ſhoot him, and accordingly loaded his Gun with Powder and Shot. When Mr. Stites, with his Labourers on the High-way, approached the Fence, he ſaw Sears with his Gun, and aſked him where he was going with it.—He replied, *I will tell you, damn ye*; and immediately fired at him, lodging the Shot in his Side and Belly. Sears was, after ſome Reſiſtance, ſecured, and confined in Goal. It is thought Mr. Stites cannot recover, tho' it is not certain whether the Shot have penetrated his Bowels; ſeveral have been extracted, but he had a high Fever, and was in exquiſite Pain, tho' ſtill alive, Yeſterday Morning.

PHILADELPHIA, *April* 26.

We hear that the Indians, who have, for ſome Time paſt, been under the Protection of the King's Troops in the Barracks of this City, are, by the particular Advice of General Gage, Commander in Chief of His Majeſty's Forces in North-America, to be detained for ſome Time longer, in this Province, as a Meaſure, in the preſent Circumſtances of Affairs, the moſt conducive to the Welfare of the Province, and His Majeſty's Intereſt.

SCHEME of a LOTTERY,

For the Uſe of Talbot *County School.*

THERE being a Neceſſity for making conſiderable Repairs to the Buildings of this School, and alſo ſome Addition thereto for the Maſter's Conveniency, and the Funds appropriated to its Uſe being already charged with a heavy Debt: The Viſitors, unprovided with any other Means, take Leave to propoſe the Method of Lottery, to raiſe the Sum of Three Hundred and Sixty Pounds, for anſwering the Purpoſe above mentioned.

This School, thro' the Abilities and extraordinary Aſſiduity of the preſent Maſter, has for many Years, even under great Diſadvantages, been look'd upon as perhaps the beſt and moſt frequented in the Province: And ſhould this Scheme ſucceed, and the Buildings be render'd more commodious, by having the School-Room enlarged, and the upper Chambers well fitted for the Reception of Boarders, it might ſoon become ſtill more extenſively uſeful than it has hitherto been.

INSTRUCTION, or right Education, is univerſally confeſſed to be one of the greateſt Advantages in Life. It is the beſt and trueſt Improvement of our rational Faculties; and thoſe uſeful Arts and Sciences, by which the Condition of Mankind has been rendered more happy and commodious, are, in a great Meaſure owing to it. It purges off the Droſs of Slavery and Superſtition, and bears a friendly Aſpect on Liberty, and the ſocial Intereſts of Mankind.

SOLICITOUS to ſecure this noble Advantage, and actuated, chiefly, by Sentiments of Tenderneſs and Regard for the riſing Generation, the Viſitors flatter themſelves that every Lover of his Country, and Friend of Mankind, will warmly promote a Lottery ſo laudable in it's Intention, and countenance, with his Favour and Indulgence, This NURSERY of SCHOOL-LEARNING.

THE SCHEME:

THIS Scheme is apparently more promiſing to the Adventurer, than any hitherto offered; there being not many more Blanks than Prizes, and the Deduction only 15 per Cent: And as the Viſitors have been much encouraged to propoſe this Lottery, they have Reaſon to hope it will ſpeedily be drawn.

The Reverend *John Gordon*, Meſſieurs *Jacob Hindman*, *Matthew Tilghman*, *Jonathan Nicols*, and *Henry Hollyday*, Viſitors; Col. *Thomas Chamberlaine*, Mr. *James Lloyd Chamberlaine*, and Mr. *William Nicols*; who are appointed MANAGERS, will give Bond and be on Oath for the faithful Execution of this Truſt.

The Drawing to begin as ſoon as the Tickets are ſold, at *Talbot* Court-Houſe, in the Preſence of a Majority of the Managers, and ſuch of the Adventurers as chuſe to attend; of which the Public ſhall have timely Notice in the *Maryland Gazette*, and a Liſt of the Prizes ſhall alſo be publiſhed immediately after the Drawing.

All Prizes not demanded within Six Months after Publication, will be deemed a generous Benevolence to the School, and applied accordingly.

Tickets may be had of any of the Managers.

All Kinds of Money now in Circulation will be received for Tickets, and paid in Diſcharge of the Prizes.
